DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Daniel D. Ledesma (Reg. No. 57,181) on February, 2007.

The specification has been amended as follows:

In claim 33, line 12, **delete** ~~concept networks~~ before the term "for at least" .

REASONS FOR ALLOWANCE

Claims 21-25, 27-37, 39-44 are allowable over the prior art of record because the prior art of record fails to teach a combination performing a comparison between the first concept network and the second concept network, wherein performing a comparison includes performing a comparison of information from the first concept network related to a unit with information from the second concept network related to the same unit and generating trend information based on the comparison in a combination of the detailed claimed invention.
